

PERSONAL DATA PROTECTION POLICY GDPR

The website <https://yourlox.com/> (hereinafter referred to as “yourlox.com”) respects the privacy of every visitor to our website. The following information concerns the type of data collected by yourlox.com and the ways in which it is used.

Yourlox.com collects, processes, and uses personal data in accordance with the applicable legislation of the Slovak Republic. This privacy policy does not apply to the websites of other operators accessible via links on the yourlox.com website.

The yourlox.com website collects only those personal data for which the user has given voluntary consent for processing and use.

By granting consent, the user also agrees to the following conditions for processing personal data:

By accessing this website, certain data are automatically stored on our servers for system administration purposes or for statistical and support purposes. These data include the name of your internet service provider, your Internet Protocol (IP) address, the version of your browser software, the operating system of the computer used to access our website, and the websites used to access our website. These data may be used to understand the profile of users of our website, but always without using any data relating to a specific individual. Such data will only be used if provided anonymously.

If you voluntarily provide personal data via one of the contact forms on the yourlox.com website, the subpages you visited before completing the form will be recorded on our server, and in some cases also the page you visited immediately before arriving at yourlox.com. Such data will not be used, processed, or transferred to third parties beyond the limits set by law or beyond those specified in your consent. Your personal data will only be disclosed if required by a court decision or other decision of a public authority. Any changes to these personal data protection conditions will be published on this website.

The yourlox.com website will keep your data secure and will take all reasonably available preventive measures to protect data against loss, misuse, or alteration. In some cases, we use third-party applications to process data, which apply the same or higher standards of personal data protection as described in this document.

This website collects and stores data for marketing and website optimization purposes. Cookies may be stored in your browser. Without the explicit consent of our users, data collected using Google Analytics (and others) will not be used to identify a specific visitor and will not be combined with other personal data of the pseudonym holder.

You can disable cookies in your browser or use certain extensions designed to block specific cookies.

| Data Collection | Purpose of Use | Type of Personal Data |
|------------------|------------------------------------|-------------------------------------|

The yourlox.com website will delete stored data after the period required by law, by granted consent, or when the data are no longer needed. You have the right to withdraw your consent to the processing or use of your personal data at any time with future effect by sending an email to info@yourlox.com.

Our website may contain social media features linking to Facebook, LinkedIn, and Twitter.

These services are provided by Facebook Inc., LinkedIn Inc., and Twitter Inc. (“providers”).

Facebook is operated by Facebook Inc., 1601 S. California Ave, Palo Alto, CA 94304, USA ("Facebook"). An overview of Facebook buttons and their appearance can be found at: <https://developers.facebook.com/docs/plugins>

LinkedIn is operated by LinkedIn Corporation, 2029 Stierlin Court, Mountain View, CA 94043, USA ("LinkedIn"). An overview of LinkedIn buttons and their appearance can be found at: <https://developer.linkedin.com/plugins>

Twitter is operated by Twitter Inc., 1355 Market St, Suite 900, San Francisco, CA 94103, USA. An overview of Twitter buttons and their appearance can be found at: <https://twitter.com/about/resources/buttons>

The connection informs the provider which of our web pages you have visited. If you are logged into your Facebook, LinkedIn, or Twitter account while browsing our website, the provider may obtain information about your interests, i.e., information accessible through your user account. If you use any connection features (e.g., clicking the "Like" button or leaving a comment), this information will also be transmitted directly to the provider by your browser for storage.

Further information on data collection and use by Facebook, LinkedIn, or Twitter, as well as your rights and privacy protection options, can be found in the providers' privacy policies:
